

Moisture Scanner M72-SC

□ CE □ RoHS

- Fast Response
- 8 Wood Groups and Calibration Build in
- Moisture limit value setting
- °C / °F Available
- Data-Hold / Auto Power Off
- Digital LCD Display with Back-Light
- Battery Level Indication
- CE and RoHS Approved

For Wood

For Concrete

Applications:

Wood , Building Materials , Concrete , General Materials...etc.

Specifications of M72-SC

Measurement Range	0 ~ 55% WME 0 ~ 50°C (32~122°F)
Accuracy	Moisture: ±1.5% Temperature: ±1.5°C (±2.7°F)
Wood Density Range	0.26 ~ 1.05g/cm³
Measuring Depth Range	0 ~ 50mm
Display	Digital LCD display with Back-Light.
Main Functions	※Data-Hold ※Manual / Automatic shutdown ※Built-in calibration function ※°C / °F switchable ※Battery symbol ※Moisture limit value ※Select wood density
Power Supply	One 9V battery
Dimensions	63.6 x 31 x 125.8mm (2.5X1.2X5.0 in)
Weight	Approx. 142g (battery included)

※Specifications are subject to change without notice.
