

CAST Probe

Ideal design for cast inspection.

- Stainless Steel spring tube provides inspection flexibility.
- Rubbing resistant material pipe, increase of service life.
 - Easy and quick tube operations.
 - Small probe tip to pass through tough and sharp curves.

Cast Probe digital	
Probe head diameter	5.4mm
Probe head length	7.0mm
Probe diameter	4.5mm
Probe length	1m
Articulation angle	0°
Probe head material	Stainless steel
Probe material	Outer braided Stainless steel
Light source	5 x white LEDs
FOV	90°
DOF	1cm~10cm
Botton	N/A
Working temperature	-10°C~60°C
Storage temperature	-10°C~60°C
Resolution	640x480
Applicable systems	X500/X1000 PLUS
